Reds' Milestones

Milestones Reached in 2015

Records noted below since 1972 unless noted otherwise.

- -Reds' 18th win of the season was Coach Danley's 1,900th win in spring and summer games
- -Reds' 19^{th} win of the season was Coach Danley's 800^{th} win in spring games
- -Reds' 3rd win within the Elite Eight was the Reds' 50th win in the Final Four (now Elite Eight, since '07) since 1993

Upcoming Milestones in 2015

-Reds' 23^{rd} win of the Legion A summer season would be the Reds' 100^{th} since moving up to Legion A in 2013

Note: the Reds will end the 2015 season with still the highest winning percentage in the nation over the past 25 years, as the Reds hold more than a full-schedule, full-season lead (Reds could lose 36 straight games and nearest opponent could win 36 straight games and Reds would still hold the lead) over their nearest opponent (Lansing Kee, Iowa).
